

No Need To Worry

There is no need to worry
When you are in a hurry
Or when you're in so
much pain
And it seems there is
nothing else to gain
There is always someone
there
To show how much He
cares
God will never leave you
And to Him your cares
are never few
He will always love you
No matter what happens
And no matter what you
do
So don't worry
God will always love you.
